

Thank you for registering for the North Attleboro Park and Rec instructional youth field hockey program.

Practices will run from 5:30-6:30pm on Tuesdays, starting September 7 until October 26th. Practices may end early closer to the end of October due to colder temperatures and less daylight. An email will be sent out if this is to occur. Tuesday practices will take place on the grass field hockey field at North Attleboro High School. The grass field is located behind the high school next to the baseball field as you follow the paved path to Stoddard Drive.

In the event that practice needs to be cancelled due to poor weather, an email will be sent out at least a half hour prior to the start of practice. Please keep in mind that pending rain or rain earlier in the day may cause practice to be cancelled due to poor field conditions.

All players need a stick, shin guards and a mouth guard. No player will be allowed to play without this equipment. Mouth guards will be provided at the first practice but it's a good idea to also have a back up mouth guard to leave in your bag. There are sticks available to borrow for the season, as well. Players may choose to wear goggles and/or cleats but these items are not required.

Feel free to contact me with any questions.

Karen Folan
North Attleboro High School Varsity Field Hockey Coach
